Width: Profile: Size:

Rim Diameter: 457.2mm
Sidewall Depth: 140.25mm
Total Diameter: 737.7mm
Rolling Circumference*: 2224.85mm

Changing your wheels/tyres may effect your speedometer reading!

With this new combination your speed will be -0.03% of that indicated.

When your speedo reads mph you will actually be doing 29.99mph
