**Re: Mr Dennis Schulz ID: 1606031**

The above student is registered for the programme of MSc Strategic Marketing & Consulting for 12 months duration at this University for the academic year commencing September 2015.

Mr Schulz is now embarking on writing his dissertation, this is due to be completed September this year. At the moment, Mr Schulz needs to gather research data for his dissertation, and this will involve conducting a questionnaire within Jaguar Land Rover.

If you require any further information in connection with Mr Schulz or the MSc SMC programme, please do not hesitate to contact me.

Yours sincerely
